- Parts
- Repairs
- Servicing
- Maintenance
- WOF & Rego
- Free Estimates / Quotes
- Professional Service & After Sales Support

Hosking Trailers design and manufacture quality New Zealand made boat trailers, we have over 30 years' experience building boat trailers and are one of the most experienced and reputable boat trailer manufacturers in New Zealand. We are proudly family owned and operated and we are passionate about New Zealand and enjoying the fabulous outdoors New Zealand has to offer!

Our trailers are available direct to the public from our Auckland premises and are supplied to manufacturers and boat dealers through the country, as well as exported to Australia, the Pacific Islands and around the world.

We are suppliers to Rayglass Boats – “New Zealand’s leading manufacturer of high quality powerboats from 6 metres to 12 metres length overall”

The majority of our trailers are custom made to suit each specific boat hull, customer preferences and setup, right here in New Zealand – your trailer is built from scratch to suit you, your lifestyle, requirements and your boat. This ensures you get the best possible result when towing, launching and retrieving your boat. Our trailers are designed and built to be great to tow and easy to use, for ladies and children too - we want you to enjoy your boating!

Because our trailers are custom made we can make your trailer how you want it and we offer you many options or exclusions - guide poles, mag wheels, number of rollers, walk-boards, spare wheel & bracket, brakes, stainless steel parts etc.

We also make a small range of multi-fit trailers – all quality NZ made Hosking Trailers, but designed and built to suit several models and sizes of boat, and are of a slightly lower specification.

With quality and safety in mind wherever possible we use NZ made parts and components and we design our trailers to have as few adjustable components as possible - we believe this reduces maintenance and helps ensure the fit of the trailer to the boat, particularly in years to come. Plus we only use Australian or NZ made steel - of which we use continuous lengths for the mainframe and axles, no joins means more strength and increased safety.

We repair, service and maintain all makes of boat trailers. We also do re-galvanising, axle conversions, add brakes and more ...

We stock all our parts including Trojan - making repairing, servicing and maintaining your trailer in future years easy. If you live out of Auckland or you're on holiday, we can easily send product to you and are happy to explain the fitting over the phone.

We'd love to talk to you, so please call us or pop in.

RE: QUOTE – CUSTOM SCOUT CUTTER TRAILER

We have built many trailers for old style boats and other boats of a similar size. As we discussed your trailer will be custom built for your boat. I have also included in the price to fit the boat to the trailer so she is all ready to go and you can enjoy your summer!

Specifications as follows:

- **Fully Assembled, Fitted & Ready to Tow Away (all in NZ)**
- **Same as the trailer supplied just before Christmas**
- A-Frame Keel-Roller Single Axle Trailer
- Fully Galvanised Welded Frame with flush holes (Aust/NZ steel) **5 year structural warranty**
- Framing Sizes
 - Side Frame 75 x 40 x 3 (Australian steel)
 - Cross Beams 50 x 50 x 3 (Australian steel)
 - Draw Bar 75 x 75 x 3 (Australian steel)
- Trojan 1 7/8th coupling
- High Tensile Bolts & Nuts to Coupling (as required by law)
- Utilux Plug and Holder
- **Galvanised** Wind-up Jockey Wheel – solid or pneumatic (NZ made)
- Hosking Trailers Bowstand with Rubber Handgrips (NZ made)
- Rubbermark SNR Snubbing Block (NZ made)
- Galvanised 3:1 **Covered** Winch with Nylon Rope & Handle (NZ made)
- Hosking Trailers Axle 50 x 50 x 5 with flush holes x 2
- Galvanised 3 Leaf Springs
- Plastic Moulded Mudguards (Aus made)
- Hosking Trailers Bolt-on Adjustable Guardrails (so the weight on the towball can be adjusted)

- **Lightboard**
- Galvanised **Rated** Chain and Shackles (bolted **NOT** welded)
- Spare Wheel and Bracket
- WOF and REGO including WOF and Registration holders and fitting of the plate

TOTAL PRICE

\$4,447.00 Including GST Each trailer

There are several options available to you in the way this trailer can be built and up / down spec'd, so if there is anything you would like to add or remove just let me know, we can discuss the options and I can adjust the price accordingly for you. For example...

Optional Extras:

- Guide Poles \$350 Incl GST
- Mag Wheels
- Folding Drawbar
- Removable Drawbar
- Coupling or Wheel Lock
- Trojan Stainless Steel Hose Kit
- Trojan Stainless Steel brake callipers
- Trojan 1500kg Braked Hubs – two piece
- Spare Wheel and / or Spare Wheel Bracket

Downgrade Options:

- Drop in Jockey Wheel instead of Wind Up
- Light Board instead of LED Lights

Your trailer would be ready in 4 – 5 Weeks. We require a 50% deposit, with the balance to be paid before or when the trailer is picked up. We do have Eftpos facilities and our bank account number is 02-0278-0283455-000 (please use your surname and boat model as a reference), however we **do not** accept cheque or credit card.

I appreciate the opportunity, and if there is anything further I can help you with please contact me.
